About the Program/Activity:

A workshop on “**Protecting IPR and IP Management for Start-ups**” was successfully organized as part of the **Institution’s Innovation Council (IIC)** calendar activity on **22nd April 2026**. The session was conducted by **Ms. Amruta Shinde**, a registered Indian Patent Agent (IN/PA 6023), who holds multiple qualifications including M.Tech (Electronics), B.E. (Electronics), PGD in Human Resource, PGD in Patent Law, ISTQB Certified Tester, and is currently pursuing LLB.

The workshop focused on creating awareness about **Intellectual Property Rights (IPR)** and their importance for startups. The resource person explained different types of IPR such as patents,

copyrights, trademarks, and their role in protecting innovative ideas. She also discussed the **process of patent filing, documentation, and legal considerations** required for securing intellectual property.

Students actively participated in the session and raised various queries related to patent registration and startup innovations. The speaker addressed all questions effectively, and the students expressed satisfaction with the interactive and informative nature of the workshop.

The session concluded with a Vote of Thanks delivered by Prof. Lohar.

The Course Outcomes:

At the end of the workshop, students will be able to

CO1: Students gained a clear understanding of **IPR concepts and the process of protecting innovative ideas through patents and other legal mechanisms.**

CO2: The workshop enhanced awareness among students about the **importance of intellectual property management for startups and encouraged them to pursue innovation with legal protection.**

CO-PO Mapping Table

CO/PO	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11
CO1	2	2	-	-	-	2	-	2	-	-	-
CO2	2	3	2	-	-	3	-	3	-	-	1

Scale: 3 – High, 2 – Moderate, 1 – Low, – No Correlation
